Matangi Private Island Resort Matangi Island, off Taveuni Island

Matangi Private Island Resort is owned and managed by the Douglas family, 5th generation Fijian's of Scottish descent, offering an intimate Fiji holiday atmosphere where you become one of our extended family members. We invite you to share the home of our ancestors, our little piece of paradise, to unwind, explore and experience the Fijian way of life. Fijians are often touted as the friendliest people on earth - it is with great pride that we claim our staff to be amongst the friendliest of them all, people, we as children grew up with and created an unbreakable bond of kinship with - kai - our cousins.

Matangi Private Island Resort features some of the most elaborate and individually unique accommodation in Fiji. Inspired by the authentic Fijian and Polynesian style of home, our 7 Beachfront Bures, 3 Tree House Bures and 2 Island Bures are all built from natural local materials including bamboo, coconut palm thatch and local hardwoods. With high ceilings, which act as a natural air-conditioner and cool tiled floors, our bures have been designed for absolute comfort to cope with our tropical climate. Whilst visually appealing in design, all bures feature modern day luxuries including 24 hour electricity, hot water, ample 240-volt power outlets and high quality beds and linen.

We do not offer televisions, telephones or air-conditioning to retain an uncluttered atmosphere free of modern distractions, although telephone and email services are available from our reception. Fresh drinking water on the island is provided free of charge at all times, and your bure is stocked daily. We recommend that you drink only the water provided in your mini bar, as our tap water is not of drinking quality. Each bure is unique and sits approximately 20 metres from our beach's high water mark. All bures are generously spaced ensuring ample privacy within lush tropical gardens yet all the resort's facilities are in easy walking distance. You won't be bothered by any motorised vehicles other than a small tractor, which is used occasionally by our garden keepers. Matangi offers a truly relaxing and peaceful atmosphere. All bures feature
