Your ocean view bure on this dream island is only 17 km from Nadi airport. Children disappear with staff and new found friends, to be entertained and stimulated by a variety of childrens activities, from crab hunting to Fijian story telling.

The island is so compact that children can explore without any worries, especially when they discover baby turtles and iguanas. The island is a natural marine reserve and the coral and tropical fish are only metres from the shore, easily viewed, even for littlies. This is a perfect place to learn to snorkel.

All children from 3 years upwards will enjoy the supervised organised activities on a daily basis. Water sports, mini golf, volleyball, spear throwing, dancing, competitions and many games will ensure they are tired but happy at the end of the day.
